Dear Reverent Hunt

“JUST GOD: No Brands... No Labels”

I am learning of this inspired initiative with joy and celebration and solidarity.

I wish you every blessing in the fulfilment of the promises and prophecy we share, and I assure you that the community of believers entrusted to my care and leadership will participate in spirit as we pray for unity among our people to overcome all man-made branding divisions by and of political parties, denominations, racial differences, labeling, and the cancel culture.

I will mobilise all our networks and ministerial friends across South Africa to support this great initiative!

Blessings.

Yours truly
